California's Highway 99 (Images of America)

Keith Warwick P.E.

California's Highway 99 (Images of America) Keith Warwick P.E.

The portion of California's Highway 99 between Modesto and Bakersfield presents a fascinating and nostalgic environment. The highway has a unique charm and character that are significant to California natives, visitors, and those who have moved to the California Central Valley over the past century. This roadway has never been upscale or presumptuous but is truly egalitarian. This book is a pictorial and textual history of the highway itself, the cities and towns along the highway, and other locations in Northern California that evoke the same nostalgic feelings. Presented here are images taken in the region before Highway 99 was officially established. It includes images that were captured over the past century of Giant Orange juice stands, vintage signs, historical buildings, and other attractions that are part of the heritage. The authors hope is to entertain, provoke thought, and provide glimpses into obscure slivers of history.
