Dead Sea Scrolls and the Christian Myth John Marco Allegro

Was Jesus of Nazareth a real historical person or a fictional character in a religious legend? What do the Dead Sea Scrolls reveal about the origins of Christianity? Has there been a conspiracy to suppress information in the Scrolls that contradicts traditional church teaching? John Allegro addresses these and many other intriguing questions in this fascinating account of what may be the most significant archaeological discovery of the twentieth century. As one of the original scholars entrusted with the task of deciphering these ancient documents, Allegro worked on some of the most important texts, including the Biblical commentaries. In 1961, King Hussein of Jordan appointed him to be honorary advisor to the Jordanian government on the Dead Sea Scrolls. In his engaging and highly readable style, Allegro conveys the excitement of the initial archaeological find and takes the reader on a journey of intellectual discovery that goes to the heart of Western culture. Allegro suggests that Christianity evolved out of the Messianic theology of the Essenes, the Jewish sect that wrote the "Dead Sea Scrolls". This new edition of Allegro's book also contains an essay in which he describes the in-fighting among the scholars assigned to study the scrolls and his thirty-year battle to release all of the texts to the public. Allegro was one of the first scholars to protest the long delay in publishing the Scrolls and to criticise his colleagues for their secretive and possessive attitudes. This issue has recently been the focus of national media coverage, with the result that after forty years, open access to all of the Dead Sea Scrolls has finally been permitted. If he had lived to see it, John Allegro would have been very pleased by this resolution of the controversy.

Peter Burnett:

In this particular era which is the greater particular person or who has ability in doing something more are more treasured than other. Do you want to become certainly one of it? It is just simple way to have that. What you have to do is just spending your time very little but quite enough to enjoy a look at some books. One of several books in the top list in your reading list will be Dead Sea Scrolls and the Christian Myth. This book that is qualified as The Hungry Mountains can get you closer in getting precious person. By looking upward and review this e-book you can get many advantages.

Leonie Blazek:

As a college student exactly feel bored to reading. If their teacher expected them to go to the library or even make summary for some e-book, they are complained. Just minor students that has reading's spirit or real their hobby. They just do what the trainer want, like asked to the library. They go to there but nothing reading critically. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Dead Sea Scrolls and the Christian Myth can make you feel more interested to read.
