Understanding Interest Rate Swaps Mary Ludwig

Across the globe, professional cash, treasury, and portfolio managers, as well as government regulators, are scrutinizing Swaps - innovative, easily customized synthetic investment vehicles that permit savvy users to fine-tune interest rate and currency exposure, manage debt, hedge against geopolitical uncertainty, and dramatically enhance investment portfolio returns. Understanding Interest Rate Swaps presents a clear and compelling picture of the growing \$3 trillion Swap market. This hands-on guide keeps readers immediately current with the latest, successful strategies and techniques used by today's top Swap traders and corporate users. And it takes market watchers on a behind-the-scenes tour of the global Swap bazaar, shedding critical light on questions regulators and industry insiders are currently raising about the security and future of the Swap markets. This striking new guide first explains what Swaps are, introducing key concepts and crucial market terminology. It next traces the development of today's red-hot Swaps, disclosing how they originated and grew, and sharing inside information about why financial institutions set up Swap desks and how they currently capitalize on these profitable instruments. Using diagramming techniques, the guide then walks you through a series of realistic Swap examples, building from simple "plain vanilla" transactions - the market's essential building blocks - to nearly two dozen other derivative interest rate products, including Swaptions, Caps, spreadlocks, floors, and collars. You'll find detailed guidelines for using foreign exchange and commodity Swaps, and discover emerging opportunities in the surging equity derivatives market. For maximum advantage, Understanding Interest Rate Swaps delivers the systematic, empirical guidance you need to master all the methodologies and calculations used in the international Swap market. You'll learn how rates are set, how to evaluate competing quotes from traders, an

From reader reviews:

Thomas Brim:

Hey guys, do you wish to find a new book to read? Maybe the book with the headline Understanding Interest Rate Swaps suitable to you? Often the book was written by famous writer in this era. The actual book entitled Understanding Interest Rate Swaps is the main one of several books that everyone reads now. This specific book has inspired many people in the world. When you read this review you will enter the new way of measuring that you never knew before. The author explained their thoughts in a simple way, consequently all of us can easily be aware of the core of this e-book. This book will give you a lot of information about this world now. So you can see the representation of the world with this book.

Shannon Lynch:

Playing with family within a park, coming to see the marine world or hanging out with buddies is something that usually you have done when you have spare time, in that case why don't you try something that is really opposite from that. One particular activity that makes you not feel tired but still relaxing, thrilling like on a roller coaster you have already been riding on and with additional info. Even if you love Understanding Interest Rate Swaps, you can enjoy both. It is an excellent combination, right, you still wish to miss it? What kind of hang-out type is it? Oh, it occurs to my mind hangout men. What? Still don't get it, oh come on it's named reading friends.

Brian Crowe:

As a college student I exactly feel bored in order to read. If their teacher requested them to go to the library or even make a summary for some book, they are complained. Just very little students that have reading's heart or real their leisure activity. They just do what the instructor wants, like asked to the library. They go there but nothing reading seriously. Any student feels that looking at is not important, boring and also can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore, this Understanding Interest Rate Swaps can make you more interested to read.

Jennifer Williams:

What is your hobby? Have you heard this question when you got college students? We believe that that query was given by teacher for their students. Many kinds of hobby, everyone has different hobby. So you know that little person including reading or as looking at become their hobby. You must know that reading is very important and also book as to be the thing. Book is important thing to include your knowledge, except your current teacher or lecturer. You will find good news or update in relation to something by book. Amount types of books that can you take to be your object. One of them is Understanding Interest Rate Swaps.
