A Life for Deer: A Deer Vet Tells His Story and Theirs John Fletcher

Nobody is better equipped to tell the fascinating story of deer than John Fletcher, who with his wife founded Europe's first commercial deer farm and has gone on to become the world's leading authority on deer matters, advising the Royal Family, the National Trust, and governments and commercial organizations worldwide. John Fletcher's story is a compelling interaction between an intelligent, original and very likeable man and a group of particularly attractive animals, in which he skilfully blends the pattern of his life in deer farming from veterinary student to world authority.
