Japanese War Brides in America: An Oral History Miki Ward Crawford, Katie Kaori Hayashi, Shizuko Suenaga

Following the end of World War II, Congress passed the War Brides Act of 1945, which allowed foreign wives of U.S. military personnel to immigrate to the United States. However, with the ban of Asian immigration after World War II, the sudden influx of thousands of women created social tension while opening up one of the country's largest cross-cultural integrations. This book reveals the stories of nineteen Japanese war brides whose assimilation into American culture forever influenced future generations, depicting love, strength, and perseverance in the face of incredible odds. With an estimated 50,000 women who migrated from Japan to the U.S. during 1946-1965, they all hold a unique place in American history and have been called ambassadors to the U.S. For the first time in English these women share their triumphs, sorrows, successes, and identity in a time when their own future was tainted by social segregation.

This oral history focuses mainly on women's lives during World War II and the occupation of Japan. It illuminates the cultural expectations, the situations brought about by the war, and effects of the occupation, and also includes quotes from various war brides regarding this time. Chapter interviews are set up in chronological fashion and laid out in the following format: introduction of the war bride, how she met her husband, her initial travels to America, and life thereafter. Where needed, explanations, translations, and background history with references are provided.
