In this follow-up to "Tiger Lily", Lily Mossberg must face a new enemy. An anthropology lecturer in an alternate world, she is also on tap as a consultant to the government's Psi Disease Centers, where her ability to shape-shift into a tiger is as valuable as her academic credentials.

The recent shape-shifter scare is over, but there are new dangers. Someone is kidnapping children and the PDC thinks psi abilities are connected. When her daughter's best friend disappears, and then her daughter reveals shape-shifting abilities and is kidnapped, Lily becomes involved. What she discovers at a nearby wildlife reserve is a nightmare of kidnapping, murder and wildlife trafficking. With her daughter in danger and her partner Wes and her handsome colleague Luis both missing, Lily must form new alliances but keep her own abilities secret to save them.
