God, Islam & The Skeptic Mind: A Study on Faith, Science, Religious Diversity, Ethics and Evil

Saiyad Fareed Ahmad, Saiyad Salahuddin Ahmad

How Do We Know God Exists? Is faith Compatible with science? Why is there evil and suffering? Are my actions free or determined? How should we view religious diversity? Does ethical behavior require God?

This work offers erudite, compelling and fresh answers to these questions and more in an accessible language that respond to the challenges presented by the Age of Skepticism and Science. In doing so, the authors provide a balanced approach representing not only theistic and atheistic perspectives, but also a much needed Islamic point of view that has largely been ignored or misunderstood.
