Five Moons - Resurrection (Volume 1) Bill Parker

Five Moons: Resurrection is the story of Dallas Blake. By the end of the Corporate War, he had lost everything: his wife, his daughter, his whole family. He was a man in need of far more than just a new beginning. What Dallas needed was a resurrection. Five Moons: Resurrection is the story of his crew of misfits, every bit in need of resurrection as Dallas. Dallas went to the Union Fleet space docks to buy a war surplus scout-class ship. Instead, he unknowingly buys the Tesseract. Its alien technology and artificial life forms are mysteries that he must solve as the action-packed rescue of Emma from the mercenaries leads Dallas and his crew into danger. I must warn you – Five Moons: Resurrection is not your father's science fiction. It is funny. It is a love story. It is a mystery. It is science fiction with the full flavor and robust action of a guns blazing Western. It is full contact, take no prisoners sci-fi that doesn't quit on your mind to the very last word.
