F814: Cyborgs: More Than Machines (Volume 2) Eve Langlais

She thought herself a robot, defective and unique among her kind, until he taught her how to *live* again.

F814 exists to serve the humans until they decide to terminate her. An instinct for survival makes her fight, but when she achieves freedom, she discovers she cannot throw off the chains of habit. Everything changes when another flesh covered droid arrives, a cyborg he calls himself, who teaches her she is more than a machine.

Solus hates humanity, and even though he was born as a flawed human, he strives to eradicate all traces of it from his persona—until he meets F814. Meeting and touching her releases something in him. Has him yearning for things he doesn't understand. Makes him long for...affection.

Before he can learn to love though, he must first tackle the task of reminding F814 that she is more than the sum of her mechanical parts. But of course, when dealing with an illogical thing like emotions, there is no sure plan for success.
