Empire: The Rise and Demise of the British World Order Niall Ferguson

Ferguson's most revolutionary and popular work, this is a major reinterpretation of the British Empire as one of the world's greatest modernising forces. Based on the "Channel Four" series which will be aired simultaneously with the book, it shows on a vast canvas how the British Empire in the 19th Century spearheaded real globalisation with steampower, telegraphs, guns, engineers, missionaries and millions of settlers.
