Star Trek: The Lost Era: One Constant Star David R. George III

An original novel set in “The Lost Era” time period between *Star Trek: The Original Series* and *Star Trek: The Next Generation*!

When Captain Demora Sulu leads the crew of *U.S.S. Enterprise-B* on a mission near Tzenkethi space, they explore Rejarris II, a planet they cannot explain. A strange structure on the surface could hold answers, but when a landing party transports down to study it, chaos erupts. After communication fails with one officer and another is horribly injured, Captain Sulu deems the planet too dangerous to continue exploring. She decides to leave Rejarris II, but not until she can retrieve her lost crew member. But when contact is ultimately severed with the captain, a Tzenkethi force subsequently appears. Could they be behind the mysteries on the planet, or the disappearances of the *Enterprise* officers? Regardless, will Sulu's crew be able stand up to them long enough to find and retrieve their captain and the other missing personnel?

Once, John Harriman commanded *Enterprise-B* with Demora Sulu by his side as his first officer. Eight years after stepping down as a starship captain—in the wake of the *Tomed* Incident—Harriman now serves as an admiral based out of Helaspont Station, on the edge of the Tzenkethi Coalition. When he receives a mysterious message from Rejarris II, he realizes that he might hold the key to finding his former crewmate. In choosing to help recover Demora Sulu, though, he could risk losing everything he holds dear. What price is Harriman willing to pay to attempt to rescue his longtime friend?
