To Fat and Back Beverly Rae

True love is better than infatuation.

Carrie Flannagan dreams of Michael the Magnificent, the office hunk. He can have his pick of women, and his pick isn't Carrie, the office chubby. He's only got eyes for her best friend, Shiloh of the slender, smokin' hot body.

When Carrie accidentally-on-purpose breaks Michael's arm, a self-professed sorceress with a secret agenda of her own gives him a pill to magically heal the bones. That little pill also has an accidental-on-purpose side effect—one that makes him balloon to over three hundred pounds. To Carrie's surprise and delight, he turns to her for emotional comfort. But those new layers of fat on his body reveal a side of him that wasn't part of her fantasy.

Billy Whitman will put up with almost anything to be near to Carrie, even if she sees him only as a blend-into-the-background, dependable friend. Even if it means putting up with her fantasies about Michael, and being the clean-up man as Michael's life falls apart.

For now, he's willing to bide his time, hoping she will someday see the light—the light of love in his eyes.
