In *If God Was A Banker*, the story revolves around two management graduates in the rat race for success. Sundeep is ambitious and selfish, which leads him to achieve his goals through unscrupulous means. Swami is the exact opposite as he sticks to his morals and ethics to ensure success in his career. Swami's ideal and ethics keeps him behind Sundeep in terms of performance at the New York International Bank where they both work. Sundeep's rapid rise up the corporate ladder and his popularity with colleagues disguises his real motives and cunning mind. The story also has a main character, who is a friend and counsellor to both of them and he has his own philosophy which is based on his experience and is genuine. He always taught what he deemed right. In spite of all the facts, the temptation of untold riches was too strong for Sundeep and he continued on his quest for more ill-gotten financial gain. All through the novel, the backdrop is the corporate bank environment, which is so polluted that the characters are portrayed as people who are ready to deviate from the righteous path at the drop of a hat. Women throw themselves at their bosses to advance their position. *If God Was A Banker* was published in 2007 and it won the Indiaplaza Golden Quill Book Award. The book has sold more than 260,000 books and has been a national bestseller.
