If your one of those poor souls who have never picked a tomato straight off the plant and eaten it right there and then, well you just don't know what you've been missing. Nothing beats the taste of home grown food, and that's especially true with tomatoes.

Tomatoes are probably the number one crop grown around the world. Delicious, full of nutrition and easy to grow, in fact so easy to grow anyone can do it.

A productive, easy and fun to grow plant, their great for beginners, getting the kids started in the garden and the more experienced gardener alike. There are few plants that will grow so well on their own, but with a little bit of effort you can have outstanding plants producing a great crop for a long time.

Grow under glass, in the garden, in pots, grow bags or even upside down. Tomatoes are a very versatile crop and you don't need a large garden to grow them, even a small backyard will do. Just smelling the sweet aroma when you pick a ripe tomato is enough to make to drool. And what about in the kitchen? besides all the great dishes you can create with tomatoes, their still a fantastic accompaniment on their own to any meal.

No more buying bland mass produced tomatoes grown on chemicals . . . read this book and pick your own fresh and tasty mouth watering fruits.

Covers growing, varieties, soil, where to grow, pests & disease, recipes and much more.
