Chance Of A Lifetime: Everyone Deserves a Second Chance (Murdoch Book 1) Ed Stuteville

Chance Murdoch is a 40 year-old single father of two. One day, after five years alone, he has a chance encounter with Amy, a woman from his past, twelve years his junior. Sparks are there from the moment their eyes meet and neither can deny the attraction. However, Chance has a few problems he must overcome before he can commit to a relationship with Amy. The first hurdle is Chance, himself. He isn't sure he can date a woman so much younger. Second, is his ex-wife, who is bound and determined to see him as unhappy as she is. She will stop at nothing to keep the two of them apart, even if it means fabricating a story to win back custody of their children. The third hurdle to finding happiness with this new love is the hardest of all. Amy is his teen-aged daughter's high school calculus teacher.

Can a simple man like Chance balance the love for this woman, the protective instinct for his children, and the possibility of alienating his daughter by dating her teacher, and still overcome the bitterness of the woman who left him with two children to raise alone? All he wanted was to finally find happiness. Now he is faced with a choice, his children, or the woman who can make his dreams come true. His life has become a hot mess, all because of a chance encounter.
