In Defence of Naval Supremacy: Finance, Technology, and British Naval Policy, 1889-1914 Jon Tetsuro Sumida

In his groundbreaking work, *In Defence of Naval Supremacy*, Sumida presents a provocative and authoritative revisionist history of the origins, nature and consequences of the "Dreadnought Revolution" of 1906. Based on intensive and extensive archival research, the book strives to explain vital financial and technical matters which enable readers to observe the complex interplay of fiscal, technical, strategic, and personal factors that shaped the course of British naval decision-making during the critical quarter century that preceded the outbreak of the First World War.
