Keep Me in Mind

Jaime Reed

Keep Me in Mind Jaime Reed

A girl who doesn't remember. A boy who can't forget her.

Ellia Dawson doesn't recognize the handsome boy who sits in tears by her hospital bed. But he's telling her that he's Liam McPherson, her boyfriend. Boyfriend? Ellia thinks in shock. She has no clue who Liam is, let alone whether or not she once loved him. She remembers her family, her friends, and the fact that she wants to be a fashion designer. But Liam is a big blank in her life.

Meanwhile, Liam is devastated that Ellia, the love of his life, who suffered an accident while they were running together on the beach, has lost her memory. He is desperate to win her back, rebuild what they once had, but Ellia keeps him at an arm's length. She's much more comfortable with a new boy she meets at the hospital, who understands more what she's going through. So Liam begins writing the story of the two of them, piecing together the past in the hopes of having a future with the girl he loves.

Told from alternating perspectives, this is a lyrical, clever, and surprising novel from Jaime Reed.
