Life Or Death: An Analysis Of Reinstatement Samantha Griffiths

This non-fiction novel discusses the need and possibility of the reinstatement of capital punishment to Canada. As evidence and supporting arguments this compilation includes charts, photographs, quotations and many other supporting factors to encourage capital punishment reinstatement. Although this novel does include opinion, these opinions have been formed on facts and in no way is any one person intended to take these opinions as facts. Instead, take the evidence as it is. This novel seeks to prove that capital punishment is a necessary driving force in the protection and preservation of human rights. Thus it encompasses arguments for and against the death penalty, the history of the death penalty, the death penalty in other countries, and many other issues related directly and indirectly to Canada.
