Markus H. F., M.D. (DST) Pfister

Recent Advances in Otolaryngology: Head and Neck Surgery Markus H. F., M.D. (DST) Pfister

The third volume of Recent Advances in Otolaryngology brings clinicians and trainees fully up to date with the latest developments in the rapidly changing field of otolaryngology. Nineteen chapters present new concepts, surgical advances and imaging modalities in each of the subspecialties of otolaryngology. Each chapter begins with a brief summary of the topic, followed by all the recent advances and comprehensive references. A complete chapter is dedicated to geriatric otolaryngology, an emerging subspecialty. Written by an internationally-recognised author and editor team from the US and Europe, this comprehensive manual includes more than 270 images, illustrations and tables. The annual publication cycle of this series ensures the content is current, topical and highly relevant to clinicians and trainees. Key points

- * New volume bringing clinicians up to date with recent advances in otolaryngology
- * Covers all subspecialties of otolaryngology
- * Experienced author and editor team from the US and Europe
- * Includes more than 270 images, illustrations and tables
- * Annual publication cycle ensures current and topical content
