BRAVE NEW WORLD (Spanish Edition) ALDOUS HUXLEY

A pessimistic look to the future. Though, it was written in 1932, the brilliant futurist novel by Aldous Huxley (1894-1963) is still considered to be one of the most accurate and pessimistic looks to the future. The title, derived from a Shakespearian quotation is ironic, because the world that he describes is a nightmare, where dehumanization is complete and it has everything but happiness. The surprising fact is that in addition to develop the authors thesis and what is waiting ahead for us, it is also a fantasy of major interest, and its plot is anxiously followed and carries surprises every moment. It has been considered to be one of the most important novels of the 20th century and this edition helps to understand why.
