A young man from nowhere suddenly appears in the capital of the world. A forgotten boy. Still, like everyone else in this world, he desired sex, fame, money, power, and drugs. The little boy had observed the world through a tiny little black monitor shaped perfectly for his hands. Just like a good book would feel. For 22 years he watched while his body was completely still. He sees the opportunity to stand up and finally steps into the world he's been carefully analyzing. He arrives but still looking like an innocent boy in everyone's eyes. Just beginning to know the depth of life. Just starting to understand these inner and outer body experiences in this so called "real world" we all worry our children about. He was barely becoming an independent adult. "Accept good things from wherever it comes. Don't have a mini mind. So many masters have left us with trillions of treasurable teachings throughout human history. All this wisdom, belongs to the world."
