Rabbits- Guide to raise and breed Holland lops is a guide based on my real life experiences. At the beginning I could not find a book that explained how to select my first trio or what to look for in babies in order to decide if they are keepers or not, trying to understand condition was the hardest for me, but not the only challenge so I decided to write a book that would help beginners like myself, on how to choose, raise, breed and love Holland Lops and succeed as a rabbit keeper.
