Unlike the other version of this book - this is just the plot.

A while ago whilst looking for inspiration during one of my frequent writer's block periods I looked around for inspiration. In the past I reimagined published works, wrote out plots taking elements from real world events and researched for original and detailed prose. Wanting a quick and easy solution I went looking for plots to buy and hit a brick wall. I either had to go via Fiverr.com or buy a book with lots of other information in it I did not need or want. So I decided to concentrate on writing and publishing detailed plot outlines so that those wanting to write could without being overwhelmed with the process of plotting out a good story. So if you only want the plot and the character profiles of the main characters this is the book for you. If you need advice on editing, formatting, sales, marketing and a host of other details there are lots of wonderful books by great authors who can help you in that area. The books I offer cover 5 categories or genres: - Thrillers & Mystery - Romance - Children - Science fiction - Christian & Inspirational So what do you do with these plots? - Create short stories - Create novellas - Create full blown novels - Create a series - Screen writing - Radio play - Give them to your ghost-writer to develop Unlike a lot of 'how to books' I will not be overdoing the detail, the goal is to get you writing as quickly as possible to create a finished product.
