**Get a close look at every production motorcycle ever built by BMW.**

*The Complete Book of BMW Motorcycles* is a thorough year-by-year guide to every production machine ever built by Germany's leading motorcycle manufacturer. All the classic bikes are here--pre-World War II BMWs such as the R5 that defined performance in that era; the military R12 that carried the Wehrmacht as it blitzkrieged its way across Europe; the Earles-forked R69S that offered the perfect platform for mounting a Steib sidecar; the R90S cafe racer; the K1 "flying brick"; and the GS (Gelände Sport) series that launched a dual-sport revolution, right up to today's world-class S1000RR.

All of BMW's bike families are covered--the side-valve machines from the early years, the early overhead-valve performance bikes, the postwar Airheads and Oilheads, the four- and six-cylinder touring bikes, the early pushrod singles, the modern overhead-cam singles, the latest parallel twins, and inline four-cylinder sport bikes. From the first model, the R32 that launched BMW's motorcycle dynasty, to the latest (and fastest) model, the World-Superbike-dominating S1000RR, *The Complete Book of BMW Motorcycles* captures nearly a century of motorcycling excellence with a combination of historic and contemporary photos.

Complete technical specifications for each model make this book a must-have for any serious BMW aficionado. Don't miss the most thorough reference to these outstanding German motorcycles available today!

Try to choose the best book for you and try to like reading that will.

#### **Loretta Pena:**

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library in order to make summary for some guide, they are complained. Just small students that has reading's internal or real their pastime. They just do what the professor want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that studying is not important, boring along with can't see colorful images on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this The Complete Book of BMW Motorcycles: Every Model Since 1923 can make you sense more interested to read.
