The Price to Love (The Friessens: A New Beginning) (Volume 2) Lorhainne Eckhart

The highly anticipated second book in THE FRIESSENS: A NEW BEGINNING continues with the moving saga of Neil and Candy in *The Price to Love*.

—“I love this series but absolutely despise what Neil is doing to Candy! If it was me I would be out the door until he shapes up! Now I have to wait on pins and needles for what happens next! I love this author and will read every book she writes! :-)”

—“I was pulled in on the first page and could not put it down until I got to the last page. I love when a writer tells the story about a complete family.” – Reviewer, Susan

***THE PRICE TO LOVE is a realistic romances filled with passion, the ideals of family, love and loyalty and not your average fairy tale happily ever after. The stories in this series are filled with sexual tension, rough language, and passion and The Friessen men are flawed, strong sexy alpha males.*

In **THE PRICE TO LOVE**...I knew my husband wanted a baby, but I couldn't give him one. When Neil paid for a surrogate and moved her into our home, he told me not to worry, but I couldn't help but notice that she recognized the strong, sexy alpha male inside him, and I suddenly felt as if I was on the outside looking in.

Then, one day, I met Cat, the young girl who stole my heart. I saw something in Cat that I couldn't turn away from: a damaged, scarred soul filled with the kind of despair and hopelessness that should never have been in the innocent eyes of a child.

Cat needed me—my voice, my hugs, and my love—and she captured my heart. However, neither Neil nor his family understood my need to help her. I found myself alone, and I knew I was the only one who could save Cat before it was too late.
