The Female Correctional Centre

The judicial system has changed and now proper punishment is being delivered

In the year 2020 the whole justice system has changed. No more money is being wasted on community service and short sentences at the tax payers expense.

Once sentenced the three young women have to undergo a **humiliating examination** where nothing is left **un-probed**.

Having been **examined thoroughly** the women are immediately taken through to a special room to have their **corporal punishment** delivered by a state of the art machine which delivers the punishments to the required **harsh** level.

Even minor offences are **punished** under the new regime in an unforgiving manner which none of these women could imagine they would suffer.
